1. The City Council of the City of Green Isle, Minnesota, in the interest of public safety and convenience, hereby ordains that the city employees, at the order of the City Council, may place street signs for the control of traffic flow and parking, at locations designated by the Council from time to time.

2. The provisions of Minnesota Statutes 169.34 and 169.35 are adopted into this City ordinance. It shall be a violation of this ordinance to park a vehicle within ten feet of a fire hydrant, within twenty feet of a crosswalk at an intersection, or within thirty feet of a flashing beacon, stop sign, or traffic control signal device located at the side of a roadway. Any curbing painted yellow at the direction of the City Council shall be considered a no parking zone at all times. The presence or absence of such yellow curbing shall, however, not affect the enforcement of the parking set off regulations contained in this section.

3. The registered owner of any vehicle violating this ordinance shall be charged with the violation by means of a citation, and it shall not be a defense to a parking violation to show that a party other than the owner actually placed the vehicle in the location. This shall apply in all cases except where the vehicle has been stolen and reported as such prior to receiving the citation. Anyone violating this ordinance shall be guilty of a misdemeanor, punishable by a fine of not more than \$300.00 and/or 90 days in jail.

4. No vehicle shall be parked facing in the opposite direction from the traffic flow on the side of any street where said vehicle is parked. No vehicle shall be double parked on any city street. No vehicle shall be parked in such a way that it blocks or partially blocks any private driveway, alleyway or opening to any parking lot.

5. Vehicles violating this ordinance which pose a danger to the public, interfere with City maintenance activity such as snow removal, street sweeping, or street repair, or pose a nuisance to any citizen by reason of blocking access to or from the citizen's private driveway, may be towed to a designated garage within the City limits at the expense of the owner. The vehicle may be impounded until all parking fines, towing, and storage charges have been paid. Any vehicle which is not claimed and which accrues fines, towing, or storage charges equal to the value of the vehicle, shall be sold at Sheriff's sale and the proceeds to be applied first against such fines and charges.

6. The City and its agents shall not be liable for any damage or loss to a vehicle or its contents if said vehicle is towed and impounded for reason of a violation of this ordinance.

This ordinance shall be effective immediately.
