What is the 2050 Comprehensive Plan? - A comprehensive plan (also called a master plan) is a document prepared for a community, county or specific region which establishes an overall plan and recommended actions relevant to the current and future needs of the area.

How is the Comprehensive Plan different than Zoning Ordinance? - A zoning ordinance is a law with penalties and consequence for not following it. A Comprehensive Plan is a policy document that expresses intent. It is not an enforceable document and is not law.
